From country 1 Italy	Omegna
From country 2 Spain	Baiona
From country 3 France	Pornic

Total number of participants:	210	From total number of countries:	3
<b>Description</b> <i>Provide a short description of the event and its activities.</i>			
<p>After the sports event that brought together Pornic's 4 twin towns at the beginning of June, Pornic and Baiona (unfortunately Linz was unable to take part due to a lack of one supervisor) continued to pursue the objectives of these 2 meetings with their Italian friends in Omegna.</p> <p>For the first time, Omegna welcomed a delegation from Baiona, Pornic's twin town. All generations were represented (representatives of town councils, sports, cultural and social associations, including disabled sports, artists, etc.). The participants were so enthusiastic about getting to know or to meet again the other delegations, especially many young Italians, Frenchs and Spaniards who played sport, games or danced together, whether they were disabled or not! Many of them have become friends and want to meet up again. This was also the case for the older people, particularly the more expansive southerners, who understood each other because their mother tongues are close.</p> <p>We have seen that sport is a universal activity that often proves effective in transmitting and learning respect for others. Playing sport with people who are different from you requires open-mindedness and tolerance, essential principles in learning about European citizenship. But our cultural and artistic activities have shown that, as well as sport, culture and art are other vectors of communication that reach out to other parts of the population, enabling them to express themselves in ways other than through sport. Young people from the 3 towns showed particular interest in the artistic workshop on peace, inspired by a nursery rhyme by Rodari, a pacifist writer born in Omegna. Similarly, the traditional dances, which were open to all, were probably less attractive to young people than to other generations, hence the importance of varying the activities on offer.</p> <p>24/10/2024: French and Spanish delegations welcomed by Italian families</p> <p>25/10/2024: guided visit in French by the tourism section of the Omegna secondary school "Dalla Chiesa Spinelli", discovery of the island of San Giulio and its convent which restores ancient embroidery.</p> <p>Meeting of the responsables for this event.</p> <p>Concert given by the music section of "Liceo Gobetti" and a choir of elder people.</p> <p>26/10/2024: Official signing of the twinning charter by the mayors of Omegna and Pornic.</p> <p>Presentation of the nursery rhyme 'The Moon of Kiev' by the pacifist writer Rodari from Omegna, by an artist from Baiona who produced a poster, and by 3 young people, who recited Rodari's nursery rhyme in their mother tongue.</p> <p>Participation in the annual Rodari festival.</p> <p>Meeting of elected representatives and heads of the twinning associations.</p> <p>Dinner for elected representatives and heads of the twinning associations.</p> <p>27/06/2024: sports meeting between the Omegna baskIN and Pornic wheelchair handball teams.</p> <p>Speeches by people responsible for actions in favour of gender equality, inclusion and peace, alas, without having succeeded in motivating young people. The report on the meeting drawn up by the participants contains proposals for involving young people in these reflections on gender equality, which should complement participation in artistic and sporting activities.</p>			

Art workshop for peace led by a committed painter from Baiona.

Assessment of the meeting by the boards of the two twinning associations.

Joint dinner, followed by traditional dances open to all, initiated by the “Cercle Celtique”.

28/10/2024: departure of the French and Baiona delegations.
